## NEW DEPOT IN NEAR FUTURE

PROPERTY CONTRACTED FOR AND COUNCIL CONDEMNES STREET FOR PART OF SITE.

For almost a year negotiations have been in progress looking to the building of a fine new depot by the Frisco railroad. To avoid the necessity of its passengers crossing the tracks, as they must now do to get to the depot, the company desired to place the building on the side next to town, where there would never be a blockade by freight cars, and easy of access at all times. It was agreed by all concerned that the Main street crossing was the logical place for the depot, and the company signed an agreement last spring to place it there, provided the Gray property and the two lots occupied by the Ada bottling works could be had at a reasonable figure, and if the city would condemn the intervening portion of Townsend avenue.

To J. W. Hays belongs a good share of the credit for securing the property, and in this connection it should not be forgotten that Tom Hope and W. H. Ebey also did their part in pushing the negotiations to a successful conclusion.

The last chapter of the story was written last evening when the council condemned the street in question. While there is some objection on the part of property owners on the north side to closing this street, the News hopes that no trouble will result and that all differences will be speedily settled, in which case it will be only a short time until work on the new depot begins, and Ada will see a long felt want filled. The old shack that serves for depot purposes at present was all right when Ada was only a struggling village, but it has long since outlived its day of usefulness.

Naturally Main street is the best location that could be found for a depot. It is convenient to everybody, and is also in a direct line with the other two. On alighting here, a passenger gets a view of the best part of the city at the first glance, instead of being able to see nothing but a lot of box cars as at present. At all events, the News hopes to see work speedily begin on the depot. It will be a fine start for 1912.

### MISSOURI CUTS OUT PUBLIC DRINKING CUP

Jefferson City, Mo., Jan. 16.—The state board of health today ordered that beginning March 1st, all railroads entering Missouri to abolish public drinking cups, towels and combs on all railway trains while in the state.

## LAST NIGHT WITH THE CITY COUNCIL

ORDINANCE PASSED VACATING PART OF TOWNSEND AVE. FOR NEW FRISCO DEPOT.

The council took up and allowed the usual batch of claims last evening, after which the matter of refunding the city's share of the penalty incurred by a property owner who became delinquent in his paving tax came up, and it was agreed that the refund should be allowed.

The contract with the Sheep Creek Telephone Co. to keep the city's line to Byrd's Mill in repair was approved.

Ebey introduced an ordinance regulating electric wiring so as to conform to the requirements of the Underwriters Association. Referred to the ordinance committee.

The sum of \$2,500 was ordered transferred from the sanitary to the storm sewer fund for the purpose of constructing a storm sewer on 13th street west from Broadway.

An ordinance vacating a part of Townsend avenue to be used as a part of the site for the new Frisco depot was passed with the emergency clause.

### Mass Meeting on Carter Bill

McAlester, Ok., Jan. 15.—A largely attended mass meeting was held here today to aid in the passage of the Carter bill through the Senate providing for the immediate sale of the surface of the segregated coal and asphalt lands of the Choctaw and Chickasaw holdings. The bill passed the house last week and Senator Owen has promised to substitute it for his bill in the senate. At the meeting to-night committees were appointed and funds subscribed to get word to senators asking them to favor the passage of the measure.

## ADA MAY HAVE LEAGUE BASE-BALL THIS YEAR

Meetings are being held at Holdenville, McAlester, Shawnee, Okmulgee and Sapulpa to organize Eastern Oklahoma base ball league. The league to come under the protection of the National commission. If the proposed Ada club can play Sunday games no trouble will be had in closing final arrangements as two excellent sites have been looked over for grounds and grand stand. Both are close to center of town.

If any objections to Sunday playing on this matter would be pleased to hear of it within the next week through the columns of the News.

## EMPLOYERS' LIABILITY LAW UPHELD

Washington, Jan. 15.—The constitutionality of the employers' liability law passed by congress in 1908, was today upheld by the supreme court of the United States in all cases before it. The court also decided that state courts may enforce that act when local laws are appropriate.

The decision was unanimous and a complete victory for the government on every point.

Justice Vandever declared congress had the right to regulate the relation of interstate railroads to their employees.

Congress had not gone beyond its power by abrogating the common law rule that an employer was not liable for the injuries resulting to employees by the negligence of fellow servants.

"No one has a vested property right in the common law," said the justice.

He found that the present law did not regulate intra-state commerce and therefore was not objectionable on that ground.

No object was found in the fact that the act did away with the "doctrine of assumption of risk" by employees and restricted the doctrine of "contributory negligence."

## SIGNING BOOZE BILL IN POTT. COUNTY

Shawnee, Ok., Jan. 16.—Most of the local option petitions have been signed and sent to the office of N. M. Pell who had charge of the work of securing signers to the petitions in this county. Thirty-five hundred signatures were received in this county, and it is expected that when the report is finally made the list will approximate 4,000.

The petitions will be filed with the attorney general and secretary of state at Oklahoma City on January 26.

How soon the election will be called by the governor when the proposition will be submitted to the voters of the state cannot be said.

## A. & M. TRAIN READY FOR NEXT TRIP

Stillwater, Okla., Jan. 16.—All preparations have been made for the special agriculture lecture train which is to begin a tour of the Katy lines in Oklahoma, beginning at Arcadia, Wednesday, January 24 and ending February 2.

The towns where lectures are to be given are: Arcadia, Cushing, Yale, Ballett, Jennings, Hominy, Broken Arrow, Wagoner, Pryor, Vinita, Checotah, Crowder, Kiowa, Atoka, Durant, Coalgate, Stonewall, Konawa, Ada and Maud.

This schedule has been so arranged that farmers living near towns where the train does not make a stop can attend the lectures by using regular passenger trains to and from lecture towns. Reduced rates for farmers will be made to lecture stations.

The special train will consist of cars loaded with livestock and coaches provided and arranged for holding the lectures. These will be specially arranged with lecture platforms and ample seating capacity, and comfort is assured whatever the weather conditions may be. The agricultural experiment station, co-operating with the United States department of agriculture, will provide bulletins on a variety of farm topics for free distribution.

Any erroneous reflection on the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the management.

Obituaries and Resolutions of Respect of less than 100 words will be published free. For all matter in excess of 100 words a charge of one cent per word will be made. Count your words and remit with manuscript.

While he was making his millions by supplying the government with armor plate for its war vessels, Andrew Carnegie was never known to make much of a fuss about disarmament and universal peace.

During the days of Joe Cannon Congress appropriated \$5,000 for an auto in which to carry his august majesty about the national capital, and also employed a driver at the expense of the people. Since Champ Clark became speaker, however, the machine has not been taken from its garage, Clark insisting that he can furnish his own transportation without taxing it up to the people. If he had been speaker at the time the question came up, the appropriation would never have been made in the

first place. Clark is a man whom a little honor does not make a fool of.

We have not seen the name of Judge Landis, who imposed a \$29,000,000 fine on Standard Oil among those being considered by President Taft in connection with the vacancy on the bench of the supreme court. Mighty little could the republicans get out of the corporations for campaign purposes if Taft were to appoint a man of Landis' character, one to whom big corporations and little men with no influence look alike.

## THE MAN WHO COUNTS.

The man who is always "too busy" to lend a little help to the community's common cause is too busy ever to measure high in the community statute.

The man who is so poor he "can't afford" to support a well-founded, successful, result-producing community movement, is indeed so poor that he is on the debit side of the community ledger.

The man who counts for something in the community is the man who does something for the community—and he is the same man who gets back from the community the fullest measure of return.—Town Development.

Have a part in all good things that tend to the betterment of your community. That means advancement to your town. All these things develop you and throw you in contact with the men who do things.

If Governor Cruce attends the National convention in June he will probably insist that Lieutenant-Governor J. J. McAlester be sent along too.—Ardmoreite.

## OLD TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed.

From time immemorial, sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff and falling hair, and for making the hair grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready-to-use product, skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical Company of New York put up an ideal remedy of this sort, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is turning gray or coming out, don't delay, but get a bottle of this remedy today, and see what a few days' treatment will do for you.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Lorimer says most of his votes for the senatorship came from men who were moved to such action by their love for him. Perhaps so, but what beats us is why if they loved him, they still insisted on a little coin for their arduous labor of love.

Taft hesitates about sending Hook's appointment as justice of the supreme court to the senate. Not only has he been flooded with protests against such appointment, but Senators Owen, Gore and others threaten to tie it up if it is sent to that body, and as it will be impossible to confirm it as long as a single senator backs his objection by holding the floor with a speech, but would mean a waste of time to send in the nomination of Hook while such determined opposition exists.

## BLIZZARD CLAIMS NINE VICTIMS IN OKLAHOMA

Dalhart, Tex., Jan. 15.—Meager reports from "No Man's Land" over the Texas border of Oklahoma, brings the information that seven persons have been frozen to death there during the recent blizzard. According to the reports which come mostly by crippled telephone service a family of five and two others are reported among the dead. Citizens of Guymon, Okla., are said to have discovered the family frozen, on a farm. Four of them had died from cold in a dug-out. The father apparently had started after supplies, and was found a short distance away. Everything in the house had been burned, including the bedding, in their fight against the cold.

Harry Falls, who lived three miles from Hooker, Okla., was frozen to death while returning home with supplies. A freighter whose name is not known, was frozen to death between Liberal, Kansas, and Ochiltree, Tex.

Other families in that section are reported to have moved from one room to another in their homes, burning the furniture in each room as they moved about the house.

An unconfirmed report is to the effect that a family had started in an open wagon for Guymon, Okla., and met death in the blizzard. In Dalhart county today the weather is moderating, and the snow is rapidly melting.

Heartburn, indigestion or distress of stomach is instantly relieved by HERBINE. IT forces the badly digested food out of the body and restores tone to the stomach and bowels. Price 50c. Sold by Ramsey Drug Co.

## LIFE OF REV. NORRIS ATTEMPTED AT FORT WORTH

Fort Worth, Tex., Jan. 15.—Two shots from a pistol were fired into the study of Rev. J. Frank Norris, pastor of the First Baptist church, about 10 o'clock last night and about a half hour after the evening service was at an end. He reported the incident to the city police today and detectives are at work on the case.

Rev. Mr. Norris was seated at the stenographer's desk in his study at the church, and he said this evening he felt the wind of the first shot as it went by his head. He was alone. Rev. John Carmen of Denver, who is assisting the pastor in conducting a revival at this church, had left but a few minutes before. The person who fired the shots went by an alleyway from Taylor street to the window and stood on a large rock to bring him to the proper level so he could fire through the window. There are powder burn marks on the wire screen through which the shots were sent. The bullets found lodgment in the frame of a mirror and in the woodwork on the opposite side of the room. Open doors permitted a view of Rev. Mr. Norris, as he sat at the desk and it is the belief of those who have looked into the matter that the one who fired saw where he was seated and that the shots were undoubtedly aimed at him.

Pleurisy pains are located just below the short ribs. Lumbago affects the same region but toward the back. BALLARD'S SNOW LINIMENT is the remedy in either case. If rubbed in thoroughly it eases pain, relaxes the muscles and the patient can move about freely and comfortably. Price 25c, 50c and \$1.00 per bottle. Sold by the Ramsey Drug Co.

## Ordinance No. 257.

An Ordinance transferring the sum of Twenty-five Hundred Dollars from the Sanitary Fund to the Storm Sewer Fund, in the City of Ada, Oklahoma.

Be It Ordained by the Mayor and City Council of the City of Ada, Oklahoma, in regular session assembled: Section One. That the sum of Twenty-five Hundred Dollars be, and the same hereby is transferred from the Sanitary Sewer Fund of the City of Ada, Oklahoma, to the Storm Sewer Fund of said City.

Section Two. That on account of the urgent necessity for the construction of additional storm sewers in the City of Ada, and there not being sufficient funds in said Storm Sewer Fund with which to construct same, an emergency is hereby declared by reason thereof and it is necessary for the preservation of the public peace and safety that this act take effect immediately from and after its passage, approval and publication, as required by law.

Passed and approved by the Mayor and City Council this 15th day of January, 1912.  
(Seal) S. E. CHAPMAN, Mayor.  
Attest: W. B. JONES, City Clerk.

Lame back may come from overwork, cold settled in the muscles or from back or from disease. In the former cases the right remedy is BALLARD'S SNOW LINIMENT. It should be rubbed in thoroughly over the affected part, the relief will be prompt and satisfactory. Price 25c, 50c and \$1.00 per bottle. Sold by the Ramsey Drug Co.

## SECOND MEETING OF FREEHOLDERS

The board of freeholders held a meeting this morning and were sworn in. They made permanent the temporary organization of a week previous by electing A. M. Croxton chairman and C. T. Angel, secretary.

The various members of the board have been reading charters of various cities, and all displayed enthusiasm in the work. To have more time to read and thoroughly digest the various charters they are receiving, the freeholders decided not to hold another meeting until 2:30 next Tuesday, after which they will be in a position to do more definite work.

The News has been asked today what hour Brant Kirk will speak on Friday evening. While it has not been definitely announced, it will probably be about 7:30.

that all signs of modernism will have been obliterated and only the old walls which were there at the time of the battle will be there.

Dr. A. B. Connelly, state superintendent of Public Buildings and grounds, and J. B. Nitschke, State Inspector of Masonry, arrived in San Antonio this morning to get the work under way. Shortly after arriving, Dr. Connelly and Mr. Nitschke inspected the property and Dr. Connelly arranged to have County Surveyor Martin T. Locke and the City Engineer run the lines this afternoon. The Alamo property will not be touched at the present time, but all of the modern additions to the Hugo-Schmeltzer building will be pulled down.

Mr. Nitschke hopes to get this work under way tomorrow, and estimates that probably three weeks will be consumed in its execution.

## "Our Personal Guarantee to all Skin Sufferers" Ramsey Drug Company

We have been in business in this town for some time, and we are looking to build up trade by always advising our patrons right.

So when we tell you that we have found the eczema remedy and that we stand back of it with the manufacturer's iron clad guarantee, backed by ourselves you can depend upon it that we give our advice not in order to sell a few bottles of medicine to skin sufferers, but because we know how it will help our business if we help our patrons.

We keep in stock and sell, all the well known skin remedies. But we will say kind of skin trouble, eczema, psoriasis, rash or tetter, we want you to try a full size bottle of D. D. D. Prescription. And, if it does not do the work, this Ramsey Drug Co., West Main St.

bottle will cost you nothing. You alone to judge.

Again and again we have seen how a few drops of this simple wash applied to the skin, takes away the itch, inflammation. And the cures all seem to be permanent.

D. D. D. Prescription made by the D. D. D. Laboratories of Chicago, is composed of thymol, glycerine, oil of wintergreen and other healing, soothing, just crazy with itch, you will feel washed away the moment you applied this D. D. D.

We have made fast friends of more than one family by recommending this remedy to a skin sufferer here and there and we want you to try it now on our positive no-pay guarantee.

### Water-Drinking With Meals.

Pursuant to a tradition of long standing, it is common custom to forbid the drinking of water a meal-time. There was a time when such advice appeared most reasonable.

Professor Hawk and his pupils at the University of Illinois have been investigating, during the past few years, the correctness of the current attitude toward this question, with results quite at variance with the traditional idea.

When the influence of water-drink-

ing with meals was examined by direct experiment on the man the alleged direful consequences were found missing. There were apparent no ill effects. On the contrary, the general conclusion from all the findings was that if water is taken with meals there is better digestion and a more complete nutrition of food. A pronounced improvement in the digestibility of fat was also observed.

Since there is a constant tendency, at least among persons whose knowledge of the given subject is slight, to carry to extremes conclusions derived from experiments, it seems worth while to add a warning against the indiscriminate and excessive use of large quantities of water. Furthermore, nothing that has been said is intended to lend any support to the American custom of drinking water that is ice-cold. The experiments of Hawk and his pupils indicate that our ideas with regard to the drinking of water must be revised, but we must wait for reports of observations from a larger body of observers. In the meantime, says the Journal of the American Medical Association, we may allow water more freely with our meals, subject to the individual exceptions which experience brings out.

## A Square Deal

Digestit actually gives quick relief in all cases of indigestion and other stomach troubles. We know it—people tell us so every day. No harmful drugs in Digestit. You run no physical risk. Prove its merits with no cash risk.

## LAWTON PLEASED WITH COMMISSION FORM

Lawton, Ok., Jan. 12, 1912.

Mr. C. T. Angel, Ada, Okla.  
Dear Sir:—We are sending you under separate cover copies of our charter as per your request.

The Commission form of government has been in effect since the 6th of November, last, and it seems to be giving perfect satisfaction. We don't think there is any comparison between the commission form of government and the old aldermanic form, as the commissioners give it their whole time and consequently can administer the affairs of the city more intelligently, and with much more promptness than could ten councilmen.

Wishing you success with the adoption of your charter, as we think it the only way of running city government.

Yours very truly,

GEO. SHORT,  
Commissioner of Public Property.

### Strikers Battle With Militia.

Lawrence, Miss., Jan. 15.—Eight companies of state militia, including one field artillery, is holding the mill district of this city under martial law tonight, after a day of rioting due to the strike of 15,000 operatives in the big cotton and woolen mills.

At least 15,000 other hands were thrown out of work by the stopping of machinery and the attacks on mills by strikers. In one instance a company of militia had to charge a mob with fixed bayonets, one boy being probably fatally hurt. Thirty-five armed rioters were arrested during the day, and a few strikers and mill employees who were defending the mill gates were treated for bullet wounds.

### Earning Happiness.

Our forefathers bequeathed to us three unalienable rights—those of life, liberty and pursuit of happiness. So long as men live they will pursue happiness. Success means happiness, but much, if not all, misery comes from trying to obtain happiness without paying the price for it. It is not to be taken as we please but to be worked out in legitimate ways. So many seek for happiness in an unearned way. These are the superficial folk. They never consider deeply the rights and morals of others. Self is the only standard they know. They soon imagine that liberty has no bounds or law in order to conserve and guarantee its continuity. Their actions are not to be challenged no matter how much they intrude on society or mar morality. They think they have a right to anything their money can happen to purchase or their might can dictate. Might is right to them. Because their debased nature loves a thing they consider that an unchallenged license it may not be an elegant figure, but because a man may be fond of eating the carious buzzard he must not spread his table near my shack. This kind of social anarchy is the kind which prates about "liberty," good time, swell affair, et cetera, and yet knows nothing of real liberty and happiness. They do not earn it. You can't inherit or pick such up as you would a loose pebble.

Nor can you purchase such as you would commodities in the mart. Money does not bring real happiness, nor yet plunges in pleasure or wading in worldliness. Happiness is a condition of the soul. All the gold of a Croesus can't produce that condition nor can the poverty of Lazarus remove it. That poor wretch J. J. McDevitt, of Wilkesbarre, Pa., who last week lived as he thought a millionaire would live for a single day, is a case of perverted idea of happiness. He thought that the seat of happiness was in stomach instead of the heart. Loaded with hot-house grapes, night-blooming artichokes, purse of gold fish and a lot of other canary bird stuff, he planted his empty head on a silken pillow and drew the mother-of-pearl bedspread over his animal clamoring body as a fitting climax to a day of special trains and general anti-fat treatment of a purse.

Why this run-away in the social world? A perverted idea of what consists of happiness and its procurement. This is the trend of all unchristian society and ethics, and when I say unchristian I do not mean American society as opposed to India's, but society in America that is not shot through and through with Christian ethics. If it were not for pure and undefiled Christianity in the midst of so-called American society upon which Christianity acted as a restrainer, a neutralizing power, this blinded, bolting of society would head back for the jungles and it would take up tattooing of the body again, plurality of marriage and offering of human sacrifices. Yes, Layman believes they would not know the use of a feather bed, but would crimp their toes over some goodly limb at night and drive the sheep into the house like the Arabs did when the French built the houses for them before christianizing them.

The lighted dens of infamy, the places people gamble, whether in parlor or rented hall, that singing crowd at the dance, those who crowd the theatre, that element filled with wine, and who carouse with women and song when the night comes on—that great throng—God have mercy on them! They are blinded, led captive by the devil. They seek for happiness, but they will not find it. And why? The great source and secret of happiness is an uncorrupt life, a pure heart, a virile will, a clear conscience. People can't be happy until they earn it. You can't enjoy what you have not earned, and you have not the moral capacity for enjoying it until you have earned it. A soul can be happy in a dungeon or miserable in a palace of luxury. Indolence is merely a claim for unearned rest. Some people never go to sleep, because they never wake up. The laboring man sleeps peacefully because he has earned it. The idler's life is the life loathsome. The idler rich and the idler poor are the same from the standpoint of society and morality.

The grasping of unearned power always has fatal results. It always reverts to tyranny. It is a serious blunder to try and get something for nothing. This motive fosters grafting, anarchy, gambling, thievery. Such a getting always reverts to a losing. On the face of it, all love would seem to be welcomed, yet unearned love is the source of much misery.

## S.S.S. BEST TREATMENT FOR CATARRH

S. S. S. is the best treatment for Catarrh because it is a perfect blood purifier. It is the only medicine that is able to get down into the circulation and entirely remove the catarrhal matter and impurities which produce the trouble. As long as the mucous membranes and tissues are kept inflamed and irritated by this impure and infected condition of the blood Catarrh will remain. Its disagreeable and dangerous symptoms, of ringing noises in the ears, mucus dropping back into the throat, headaches, watery eyes, difficult breathing, and even stomach disorders and weakened health, cannot be permanently relieved until the blood is purified. Nothing equals S. S. S. for this purpose. It goes down to the very root of the trouble, and removes every particle of the catarrhal matter from the blood and enriches this vital fluid so that all the mucous surfaces are supplied with nutritive, healthful qualities, instead of being constantly irritated and inflamed by impurities in the circulation. Then the symptoms begin to pass away and when S. S. S. has entirely purified the blood, Catarrh is permanently cured and the general health greatly built up. Book on Catarrh and any medical advice desired sent free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

To truly interpret love one must love and love means to be loving and sacrificing. It is the vanity of silly women and the fawning love of designing and lustful men which wrecks homes, fills the divorce courts and breaks up one marriage in every eight in this country, the total last year being 55,507. Japan alone is ahead of America. If the rate keeps up for the next 50 years as it has the past 20, it will mean every other marriage resulting in a divorce.

In the face of such tendencies, people in whom the animal tendencies have sway, try to hush the voice of protest which cries against the mad rush to ruin. Their life is only for today. They are the end seat hog. Those foundlings of fortune, overwhelmed in the torrent of corruption Doan's have been curing kidneys at an early period, who lay at the bottom like drowned bodies, while soundness or sanity remains in them, but at length becoming buoyant by purification, they rise as they rot and floating to the surface of the stream they drift along the objects of terror and contagion and abomination! If you would have a happy life, it must be one filled with God consciousness, a life in which the income is a little greater than the outgo. Relation is greater than results. Right relation causes right results. The blessed life is the life related aright to God, for "blessed are the pure in heart for they shall see, or enjoy, God," and having this we have all.
